SUMMARY OF THE REASONS FOR DECISION:

The DVD *Pirate Fetish Machine* also known as *Fetish & Magic* is classified as: Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years.

Pirate Fetish Machine contains a title previously examined and classified as a video recording by the Office of Film and Literature Classification. The video recording was classified as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years", with the descriptive note "Contains explicit sex scenes". This decision was registered on 18 April 2002.

The DVD version of *Pirate Fetish Machine* contains additional material comprising a trailer for *Pirate Fetish Machine, Report* (a making of the feature which features information about the director and camera work involved in the production), four trailers for sexually explicit features, still images from the feature, background information about *Pirate Fetish Machine*, and biographical details about the women participants. There is nothing in the DVD version that requires an alteration to be made to the classification given to the video recording version of the publication. Therefore the previous classification of *Pirate Fetish Machine* as "Objectionable except if the availability of the publication is restricted to persons who have attained the age of 18 years" is appropriate, with the same descriptive note.
